ABOUT US

The initiators of the event present themselves:

INVEST in Mecklenburg-Vorpommern (www.gfw-mv.de)

Invest in Mecklenburg-Vorpommern is the economic development agency for the German State of Mecklenburg-Vorpommern. As a one stop agency, we are the partner for all companies that want to establish operations in Mecklenburg-Vorpommern.

Wind Energy Network Rostock e.V. (www.wind-energy-network.de)

The Wind Energy Network Rostock e.V. is a network that unites many companies from within the wind energy sector. It promotes domestic companies and promotes the settlement of new wind energy organizations through active lobbying, company networking, the pooling of information, and the representation of the network at trade shows.

GADORE Center USA (www.gadorecenter.com)

GADORE Center USA offers a low-risk, soft landing center for German firms eager to gauge their sales opportunities in the field of renewable energies, through the establishment of initial business and industry contacts. For companies that are ready to enter the US market, the Center assists during the startup phase. What makes the GADORE team unique and successful is the extensive market and their industry expertise across all segments of renewable energy on both sides of the Atlantic.

MORE INFORMATION

about:

WindFarmBase (www.windfarmbase.com)

The offshoot "WindFarmBase" was founded on 1st of March 2010 as a service of OPUS MARINE GmbH to mainly serve the German wind farm industry. In its capacity as a consortium of no fewer than seven companies, WindFarmBase has taken on the task to provide both the construction and operating companies of offshore wind farms with the entire range of transport capacities they may require, floating equipment, ship space, instructions and training of the personnel involved and other project services.
